## Our Vision

"To continue being an efficient Construction company in Mozambique, working in an ethical and balanced manner to earn the privilege of being the General Contractor of choice."

## Our Mission

Vilcon Construction pursues to conduct itself internally as an organization, externally as company, we are a dedicated team striving to bring growth to our community, and as an ongoing active member of the local community.

Our mission is to maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships, with our suppliers, subcontractors, professional associates and customers. We value our staff and create an enjoyable work environment which allows personal fulfillment that leads to a loyal and productive work force.

Vilcon Construction's products have been approved by ANE (National Administration of Roads) and The Laboratory of Engineers in Mozambique

We will provide a professional approach to constructing exceptional quality projects which meet budget and schedule goals.

We strive to meet and exceed our client's expectations to nurture long term partnerships. Vilcon Construction use value engineering, effective construction practices and hard work to deliver the construction.

We are a dedicated team striving to bring growth to our community, helping to maintain existing companies and assist our clients in making their dreams become a reality.

We take pride in our work.

## About Vilcon

Vilcon Construction was formed in 2006, serving the building and civil engineering industry in Vilankulo, Mozambique. We provide the construction industry in structural steel work, piping, plumbing, bore holes and construction management, we are able to take on a project from architectural plans to the foundation and up, through to commissioning and final handover.

It goes without saying that Vilcon Construction is one of the most respected and well recognized construction companies in Vilankulo, Inhassoro, Inhambane, Mozambique.

Our well-equipped workshops and processes enables us not only to achieve our fabrication needs but more importantly, Vilcon Construction constantly strives to improve the basic concepts of double handling, time constraints, accuracy and productivity to deliver our products faster to our clients.

Vilcon Construction also recognizes the importance of a solid in-house training program and that the success of the company depends on the quality of its people. Vilcon Construction is therefore committed to uplift and develop skills of the local people in Vilankulo Mozambique.

**Nadeem Vally**  
General Director

Vilcon Construction provide professional construction project management and services using verified technologies, systems and work processes to provide the best craftsmanship.
